THIS IS UNEVALUATED INFORMATION

50X1-HUM

The following numbers correspond to the numbers on the
attached rough sketch of Barlad.

1. Railroad station. This was a two-story building which was damaged during an earthquake in 1944. The second story has since been razed.
2. Railway repair shop. Only minor repairs to one railroad engine at a time can be made.
3. Four railroad shunting lines.
4. Railroad freight yard.
5. Grain elevator.
6. Single railroad line to Bessarabia.
7. Single railroad line to Tecuci.
8. Single railroad line to Galati.
9. Single railroad line leading to the Rumanian ammunition dump located about five kilometers outside of Barlad. This was a pre-war dump with underground storage areas. It was in use in January 1951.
10. Metal railroad bridge, about 50 meters long, constructed on concrete piers.
11. Barlad River.
12. Two machine shops (no details).
13. Power plant. There were four Diesel engines producing power of 220 volts for domestic consumption and 440 volts for industrial consumption.
14. Movie.
15. Town Militia offices; a two-story building.

14. Telephone exchange.
15. Area Militia office.
16. Law courts.
17. Telephone, telegraph and postal office.
18. Hospital named Spital de Stat. There were 250 to 300 beds.
19. Unirea flour mill, producing five railroad carloads every 24 hours.
20. Town council and prefecture.
21. Cemetery.
22. Old landing ground used by the Germans. It was not in use in January 1951.
23. Fire station. There was one fire engine.
24. Security building, a two-story construction.
25. Apaca tailoring factory. About 800 workmen were employed working in two shifts. No details of output are known except that it included quilted uniforms for the Soviet Army (sic).
26. Rumanian Army barracks.
27. Oil storage area. There were six tanks above ground as well as an unspecified number of underground tanks.
28. Strada Garii, former Strada Traian.
29. Strada Leningrad.
30. Strada Scanteia, former Strada Gheorghe Asachi.
